Information and Instructions for Small Works Roster Applicants

Under the provisions of RCW 39.04.155 the Washington State Department of Transportation maintains a small works rosters for soliciting competitive bids on projects estimated to cost less than \$350,000.

The laws of the State of Washington require that an out-of-state corporation secure authority from the Secretary of State to transact business in the State of Washington. Accordingly, before the state can enter into a contract with an out-of-state or foreign corporation, such corporation must comply with Washington's corporation laws. Information and application forms may be obtained from:

Office of the Secretary of State http://www.sos.wa.gov

It is suggested that your firm contact the Department of Revenue to assure that all requirements for doing business in Washington State have been fulfilled. General licensing requirements information and forms are furnished by:

Department of Revenue Licensing Service http://www.bls.dor.wa.gov

Contractors desiring to be considered for placement on the Washington State Department of Transportation Small Works Roster, must complete and submit this form to:

Washington State Department of Transportation ATTN: Contract Ad and Award Office Phone: 360-705-7837 Email: prequal@wsdot.wa.gov

A contractor may apply for placement on the small works roster at any time throughout the year, however a new form must be submitted annually to maintain eligibility.

All correspondence and inquires pertaining to Prequalification of Bidders should be directed to:

Contract Ad and Award Office Department of Transportation Phone: 360-705-7837 Email: prequal@wsdot.wa.gov

NOTE: Before executing this form, read all information and instruction pages carefully. This questionnaire is not for MBE/DBE or WBE Certification.

When application is complete submit by email to prequal@wsdot.wa.gov

Women's Business Enterprises. (OMWBE) must be submitted annually to maintain eligibility:		Email to Receive Bidding Opportunities			
MBE - Minority Business Enterprise					
WBE - Women Business Enterprise					
DBE - Disadvanta	ged Business Enterprise				

Preparation of Small Works Questionnaire

All answers and other entries must be specific, complete in detail, and typewritten or printed. Pencil is not acceptable. If this requirement is not met your questionnaire may be returned.

A corporation, co-partnership, or joint venture must furnish all information requested in the appropriate form at the top of page 4. The execution of the affidavit on page 5 must be complete.

No fee is required in order to prequalify to bid on state small works projects. Full compliance with these instructions will avoid delay in effecting prequalification and the delivery of the bidding proposal forms to contractors properly prequalified.

Schedules and attachments may be furnished to supplement the Questionnaire, however, it is essential that the form be completed in full.

Prequalification may be established in any calendar quarter and is renewable annually.

The information contained in the Questionnaire will be used to establish the class ratings of the applicant for the next year or remaining portion thereof. Contractor prequalification is an annual process that is to be renewed each year in the same quarter. Applicants will be notified in writing of their placement on the applicable small works roster when qualified. The letter will identify the classes of work they have been prequalified for.

Small Works Questionnaire

- 1. How many years has your organization been in business as a general contractor under your present business name?
- 2. Has your organization ever failed to complete any work awarded to you? Yes No If "Yes", state where and reasons why:
- 3. List projects your organization has completed in the past three (3) years as described in the attached Class of Work Sheets. Note: a minimum of three (3) projects must be listed.

	Contract Amount \$	* Class of Work	Scheduled Completion. Date	Prime or	Title / Contract No.	Contracting Agency and Contact Name, Phone and Email (Email for contacts is required for processing of the application.)
3a.						
3b.						
3c.						
3d.						
3e						
3f						
3g						
3h						

Per attached work class(es) sheets. Attach additional sheet(s) if more space is needed. Work Classes listed on page C1 and C2 are for highway, roads and bridge related work. 4. In which of the following classes of work do you feel your firm has the equipment and experienced personnel to qualify for the classification? (Indicated in parenthesis below each classification is suggested equipment for applicants.) Indicate those classes for which you feel your firm qualifies by marking (X) the appropriate box. Identify specifically in the column on the right the completed project(s) you have shown on Page 2 which are examples of the class of work you are requesting prequalification (i.e., 3a). ** Note: Work has to be self performed to be considered. **

/		
Class Number	Class Description	Project Example (From Page 2)
1	Clearing, Grubbing, Grading, and Drainage (Scrapers or trucks, graders, compaction equipment, dozers, backhoes, frontloaders.)	
2	Production and placing of crushed materials (Crushing plant, haul vehicles, motor patrol, compaction equipment)	
3	Bituminous Surface Treatment (Distributor, chip, spreader, rollers, trucks, graders, compaction equipment, dozers, backhoes, frontloaders	
4	Asphalt Concrete Paving (Asphalt plant, asphalt pavers, rollers, trucks)	
5	Cement Concrete Paving. (Slipform paving machines, concrete plant, trucks)	
6	Bridges and Structures (Cranes, general building tools)	
7	Buildings (General building tools)	
8	Painting - Structural (Painting equipment, scaffolds, ladders etc.)	
9	Traffic Signals (Ladder trucks, electrician tools)	

List other applicable classes by title and number as shown in the Prequalification Work Classes Listing on pages C1 and C2. Facilities and building contractors need only list the work class(es) they are qualified to perform and interested in competing for and the county(s) where they desire to work that are listed on pages C3 through C6.

Type of Organization

Sole Proprietorship Co-Pa	artnership Joint Venture Co	rporation LLC	C	
Corpo	oration	Co-Partnership or Joint Venture		
Date Incorporated (Month/Year) In What State?		Date of Organization		
President's Name		Status		
		General	Limited	Assoc.
Vice President's Name		Is there any limitation on duration of Co-Partnership or Joint Venture? Yes No		
Secretary's Name		If "Yes", Explain:		
Treasurer's Name				
If Out-of-State Corporation, have you complied with Washington's Corporation Laws? Yes No				

Non-Collusion

In order for your application for Prequalification to be considered, it is necessary to furnish the following information:

1.	Has your firm ever been indicted, pled guilty, pled nolo contendere (no contest), or been convicted of any offense that has resulted in your firm being barred from or performing work for any State, Local, or Federal Government? If "Yes", attach a separate sheet(s) to this form giving the details involved, the names of the individuals, and their current employment status with your firm.	Yes	No
2.	Has any officer, employee, or other member of your firm ever been debarred for violation of various Public Constraint Acts incorporating Labor Standards Provision? If "Yes", attach a separate sheet(s) to this form giving the details involved.	Yes	No
5.	Has your firm or any officer, employee, or member of your firm ever been debarred for violation of various Public Constraint Acts incorporating Labor Standards Provision? If "Yes", attach a separate sheet(s) to this form giving the details involved.	Yes	No
6.	Is your firm under the protection of the bankruptcy court, have pending any petition in bankruptcy court or have you made an assignment for the benefit of creditors?	Yes	No

Authorized Signatures

List the names and titles of those individuals in your organization who are authorized to execute proposals, contracts, bonds, and other documents and/or instruments on behalf of the organization. Specify if more than one signature is required.

Name	Title	Signature

Execution of the Affidavit

Sole Proprietorship	Signature of the individual in the firm name under which business is conducted.
Co-Partnership	The signature of all partners, general and limited under the firm name, or the signature of their Attorney in Fact.
Corporation	The signature of the authorized officer(s) of the corporation with the corporate seal affixed.
Joint Venture	Signatures of an authorized representative of each party to the joint venture. Corporate members of a joint venture shall also affix their corporate seal if available.

Affidavit

The undersigned, being duly sworn, deposes and says that the foregoing is a true statement of facts concerning the sole proprietorship, corporation, co-partnership or joint venture herein named, as of the date indicated; that the firm or individuals as of the date thereof; that the answers to the foregoing interrogatories are true; that this statement is for the express purpose of inducing the Washington State Department of Transportation to award the said firm or individual a contract; and that any depository, vendor, or together agency herein named is hereby authorized to supply the Washington Sate Department of Transportation or its agent with any information to verify this statement.

Prequalification Work Classes - Highway Constructionubbing, Grading and DrainingClass 16Illumination and General Electric

Class 1	Clearing, Grubbing, Grading and Draining Removal of tree stumps, modification of the ground surface by cuts and fills, excavating of earth materials the placement of drainage structures, and construction of structural earth walls.
Class 2	Production and Placing of Crushed Materials Production and placing crushed surfacing materials and gravel.
Class 3	Bituminous Surface Treatment Placing of crushed materials with asphaltic application.
Class 4	Asphalt Concrete Paving Production and placing Asphalt Concrete Plant Mix
Class 5	Pavement. Cement Concrete Paving Production and placing cement concrete pavement.
Class 6	Bridges and Structures Construction of bridges and other major structures of timber, steel, and concrete.
Class 7	Buildings Construction of buildings and related structures and major reconstruction and remodeling of such buildings.
Class 8	Painting Painting bridges, buildings, and related structures.
Class 9	Traffic Signals Installation of traffic signal and control systems.
Class 10	Structural Tile Cleaning Cleaning tunnels, large buildings and structures and storage tanks.
Class 11	Guardrail Construction of a rail secured to uprights and erected as a barrier between, or beside lanes of a highway.
Class 12	Pavement Marking (Excluding Painting) Thermoplastic markings, stripes, bars, symbols, etc. Traffic buttons, lane markers, guide posts.
Class 13	Demolition Removal of timber, steel, and concrete structures and
Class 14	obstructions. Drilling and Blasting Controlled blasting of rock and obstructions by means of explosives.
Class 15	Sewers and Water Mains Draining, pipe jacking, water systems, pumping stations, storm drainage systems, sewer rehabilitation, sewage pumping stations, pressurized lines.

	Highway illumination, navigational lighting, wiring, junction boxes, conduit installation.
~ 1	Cement Concrete Curb and Gutter
Class 17	Sidewalks, spillways, driveways, monument cases and
	covers, right-of-way markers, traffic curbs, and gutters.
Class 18	Asphalt Concrete Curb and Gutter
	Sidewalks, spillways, driveways, monument cases and covers, right-of-way markers, traffic curbs, and gutters.
Class 19	Riprap and Rock Walls
	Mortar, rubble, and masonry walls; rock retaining
	walls, and placing of large broken stone on earth
	surfaces for protection against the action of water.
Class 20	Concrete Structures Except Bridges
	Cast-in place median barrier, prestressing, post-
	tensioned structures, footings, prefabricated panels and
	walls, retaining walls, and ramps, foundations, rock
	bolts, and concrete slope protection.
Class 21	Tunnels and Shaft Excavation
	Tunnel excavation, rock tunneling, and soft bore
	tunneling.
Class 22	Piledriving
	Driving concrete, steel, and timber piles.
Class 23	Concrete Surface Finishes
	Architectural concrete surface finishes (fractured fin,
	random board, exposed aggregate, etc.). Waterproofing
	concrete surfaces (clear or pigmented sealer.)
Class 24	Fencing
	Wire and metal fencing, glare screens.
Class 25	Bridge Deck Repair
	Bridge expansion joint repair and modification, bridge
Class 26	deck resurfacing, repair, and deck seal. High Friction Surface Treatment
Class 20	Exposed aggregate, fractured-in and rope textured
	finishes; waterproofing concrete surfaces (clear or
	pigmented sealer.
Class 27	Signing
	Sign structures and sign foundations.
Class 28	Drilled Large Diameter Slurry Shafts
	Drilled Shafts 4' diameter or larger and greater than
	15' deep when excavation is performed utilizing the
	wet method and concrete is placed by tremie methods
	under slurry.
Class 29	Slurry Diaphragm and Cut-Off Walls
	Slurry excavation and the construction of structural
	concrete walls and slurry cut-off walls.
Class 30	Surveying
	Highway construction surveying.

Class 31	Water Distribution and Irrigation Irrigation systems and heavy duty water distribution.	Class 44	Asbestos Abatements Asbestos Abatement (L & I Certified Workers).
Class 32	Landscaping Landscape irrigation, planting, sodding, seeding, fertilizing, mulching, herbicide application, insecticide application, weed control, mowing, liming, soil binder, topsoil.	Class 45	Hazardous Waste Removal The containment, cleanup, and disposal of toxic materials. Companies seeking this classification shall have full-time personnel with current hazardous waste training (certification).
Class 33	Engineering Work other than surveying, including engineering calculations, drawing and other related work for highway construction.	Class 46	Concrete Restoration Pavement subseal, cement concrete repair, epoxy coatings, epoxy repair, masonry repair, masonry cleaning, special coatings, epoxy injection, gunite,
Class 34	Erosion Control Seeding, fertilizing, mulching, slope protection, topsoil application, hydroseeding, soil stabilization, soil sampling.		shotcrete grouting, pavement jacking, gunite repair, and pressure grouting.
Class 35	Precast Median Barrier A concrete barrier that is cast and cured in other than its final position used to divide the median of two adjacent highways or temporarily placed to divert traffic in construction zones.	Class 47	Concrete Sawing, Coring, and Grooving Concrete sawing, concrete planing, grinding, grooving, bump grinding, joint repair, concrete coring and rumble strips.
Class 36	Earth Retention and Anchoring Installation of permanent soil nails, soldier piles, timber	Class 48	Dredging Excavating underwater materials.
	lagging and micropiles. Soldier pile tie-back anchor wall construction.	Class 49	Marine Work Underwater surveillance, testing, repair, subaquatic
Class 37	Impact Attenuators Installation of approved protective systems filled with sand, water, foam, or other substances which prevent errant vehicles from impacting roadside hazards.		construction, anchors, and cable replacement, floating concrete pontoon repairs and modifications, disassembly and assembly of floating concrete pontoons.
Class 38	Paint Striping Painting bars, letters, symbols, and striping.	Class 50	Ground Modification Pressure Grouting, blast densification, stone column, jet grouting, compaction, dynamic compaction, soil mixing, gravel drain.
Class 39	Slope Protection The installation of a zinc-coated steel wire mesh anchored by wire rope and reinforced concrete posts or onchor rode. Used for domenting the offsate	Class 51	Well Drilling Drilling wells, installing pipe casing and pumping stations.
	or anchor rods. Used for dampening the effects of rolling rocks onto the highway. Slope scaling, horizontal drains, rock dowels, and rock bolts for slope stabilization.	Class 52	Sewage Disposal Hauling and disposing liquid and solid wastes.
Class 40	Gabion and Gabion Construction Construction of walls made with containers of galvanized steel hexagonal wire mesh and filled with stone.	Class 53	Traffic Control Providing piloted traffic control, traffic control labor, and maintenance and protection of traffic.
Class 41	Intelligent Transportation Systems (ITS) Traffic Sensors Systems, Highway Advisory Radios, Environmental Sensing Stations, Variable Message Signs, Non-Fiber Optic Based Closed Circuit	Class 54	Railroad Construction Construction of railroad subgrade, placing of ballast, ties, and track and other items related to railroad work.
	Television and Video Systems.	Class 55	Steel Fabrication Welding of steel members, heat straightening steel.
Class 42	Electronics-Fiber Optic Based Communications Systems Design and installation of fiber optic based communication systems.	Class 56	Street Cleaning Street sweeping with self-propelled sweeping equipment.
Class 43	Mechanical Plumbing work and the installation of heating or air	Class 57	Materials Transporting Truck hauling.
	conditioning units.	Class 58	Sand Blasting and Steam Cleaning Steam cleaning, sand blasting, shot blasting, and water blasting.
